## DIENES Company Profile

DIENES is a market-leading manufacturer and full-range supplier in the fields of knives, knife holders and slitting systems for industrial applications as well as solution-oriented valves. Founded in 1913, the owner-managed traditional company has its headquarters in Overath near Cologne, from where approx. 500 employees are coordinated at several worldwide locations, including Germany, the USA, Asia, Poland and France.

More than 100 years of comprehensive experience in mechanical engineering, valuable user knowledge, continuous research in the company's own development department and state-of-the-art technology enable DIENES to guarantee the highest quality from a single source as a manufacturer and development partner.

From standardized series production to individual customer-specific special solutions, DIENES meets every technical requirement, and does so flexibly, reliably and in close proximity to the customer.

In addition to the numerous products, DIENES offers various services related to cutting.

These include the regrinding service, assembly at the customer's site, the slitting laboratory as well as the slitting academy. DIENES holds various national and international patents and is active in a wide range of industries.

DIENES knives and knife holders are used to cut, score and perforate a wide variety of materials, such as packaging, labels, adhesive tape, battery foil, nonwoven, cellulose, paper, sleeve paper, aluminum, rubber, carbon material and much more.
