DIENES at the ANEX-SINCE 2021

ANEX SINCE 2021 took place in Shanghai from 22.07.-24.07.2021 - and DIENES was there.

As a technical and trade fair with around 30,000 visitors and over 500 exhibitors the Shanghai International Nonwovens Exhibition (SINCE) is an important event for all companies along the production chain of nonwoven products. The Asia Nonwoven Exhibition (ANEX) is also one of the most important nonwoven trade fairs worldwide.

The combination of the two fairs to form **ANEX-SINCE** makes the fair in the Shanghai World Expo Exhibition & Convention Center one of the most important!

Despite lower visitor numbers due to the pandemic, especially from abroad, the fair was a success for DIENES: personal discussions with potential customers, but also with existing customers, ensured a well-visited stand and a pleasant atmosphere on site.

Of course, the latest DIENES products and our bestsellers were presented at the fair. Of particular interest here were the latest developments for slitting nonwovens: the **SIMU-FLASH simultaneous knife positioning system** and the **SENSO CONTROL sensor-based depth adjustment system**.

We are already looking forward to 2023!

**INNOVATION.
SLITTING TECH
AND VALVES.
PRECISION.**

About the family business:

DIENES is a market-leading supplier in the fields of knives, knife holders, slitting systems for industrial applications and can look back on a company history of over 100 years. The company employs approximately 500 people. DIENES owns various national and international patents and is active in a wide range of industries, such as packaging, labels, adhesive tape, battery foil, nonwoven, pulp, paper, sleeve paper, aluminum, carbon material and many more. DIENES knives and knife holders are used to cut, score or perforate a wide variety of materials. DIENES products are used, for example, in the roll-to-roll and roll-to-sheet processes.
