DIENES Group expands from Overath to Mexico

In order to serve the Mexican market even better in the future, the DIENES Group invests in the foundation of a new subsidiary in Guadalajara, Jalisco. In addition to technical support and sales of the DIENES portfolio consisting of knives, knife holders and slitting systems, DIENES México offers a wide range of services locally, such as regrinding services and maintenance of knife holders.

"We are proud and happy to expand our activities in the Mexican market. The foundation of our subsidiary DIENES México is an important part of our international growth strategy. With our subsidiary, we will be able to better meet the needs of our customers in terms of high quality slitting tools, as well as services and technical advice in the future. To meet this expectation, we are prepared with a dedicated team around Ricardo Sol."

Rudolf Supe-Dienes, CEO Dienes Group

About the family business:

DIENES is a market-leading supplier in the fields of knives, knife holders, slitting systems and valves for industrial applications and can look back on a company history of more than 100 years. The company employs approximately 500 people. DIENES holds various national and international patents and is active in a wide range of industries, including packaging, labels, adhesive tape, battery film, nonwoven, pulp, paper, sleeve paper, aluminium, carbon material and many more. DIENES knives and knife holders are used to slit, score or perforate a wide variety of materials. DIENES products are used, for example, in the roll-to-roll and roll-to-sheet processes.
